

LPT6HP

LPT7HP

● SPECIFICATIONS

High pressure telescopic lance, light weight thanks to its design in aluminium covered with fibreglass. The end of the lance is made of stainless steel with crimped seal and connectors. Spray gun supplied with the lance.

An adjustable padded harness enables distribution of the lance's weight, making its use more comfortable. Its fastening system allows to free the lance quickly and easily, while keeping the harness on. *Supplied with harness.*

Fitted with high pressure nozzle, thanks for specifying its size.
